

Abridged Version – March 2018

This formulary is an alphabetical list of prescription drugs covered by your Health Tradition health plan. This list, developed in consultation with a team of health care providers, represents the safest, most cost effective drugs available to you. Please note the following:

- This formulary does not apply to members enrolled in the BadgerCare Plus Standard, Benchmark, Core Plans with Health Tradition Health Plan, and State of Wisconsin ETF. BadgerCare Plus members have prescription coverage through the State of Wisconsin. Please contact the state's Member Services toll-free number (1-800-362-3002) for information on covered medications.
- Health Tradition members must have any outpatient prescriptions filled at a Catamaran pharmacy. To search for a Catamaran participating pharmacy near you, simply sign in at www.MayoClinicHealthSolutions.com, click on **Pharmacy**, select the **Pharmacy Search** tool, and follow the instructions. (You will need to register on your first visit.) Or call Customer Service at 1-877-832-1823.
- Over-the-counter medications are not covered by the health plan.
- This formulary contains items commonly used in the outpatient setting.

For more information on your formulary or how to fill your prescriptions, please visit the **For Members** area of the Health Tradition Web site, www.healthtradition.com, and select **Prescription Drug Coverage/Formulary**.

normal – brand **bold** – generic * specialty medication, fill at any in-network pharmacy + self-administered injectable medication
in a box – requires prior authorization ** specialty medication, fill at Mayo Clinic Health System
italic – non-preferred in Wisconsin pharmacies only
